Summary

Dog groomer with 1 year of hands-on grooming experience and a strong background in animal care. Skilled in breed-specific and custom cuts, coat maintenance, and safe handling of dogs with a wide range of temperaments. Committed to providing high-quality grooming services while ensuring the safety, comfort, and well-being of every dog. Strong communicator who works closely with clients to achieve desired results.

Experience

Lead Dog Groomer

Pittsburgh Paws Pet Resort — Sewickley, PA

May 2025 – June 2026

- Perform full-service grooms including bathing, brushing, blow-drying, haircuts, and nail trimming
- Execute breed-specific and custom cuts for a variety of breeds, including Golden Retrievers, Doodles, Schnauzers, Shih Tzus, Spaniels, Australian Shepherds, etc.
- Assess coat condition and recommend appropriate grooming techniques and maintenance schedules
- Safely handle dogs of all sizes and temperaments, including nervous, elderly, and reactive dogs
- Communicate with clients to understand grooming requests and provide realistic expectations and aftercare advice
- Maintain a clean, organized, and sanitary grooming workspace in compliance with safety standards
- Monitor dogs for signs of stress, skin conditions, or health concerns and communicate findings to owners

Manager / Team Lead

Pittsburgh Paws Pet Resort — Sewickley, PA

May 2017 – June 2026

- Supervise daily daycare operations, ensuring a safe, clean, and engaging environment for the dogs
 - Manage the staff by supervising, creating the schedule, assigning daily tasks, and keep a positive work environment
 - Monitor group play and individual dogs for signs of stress, illness, or behavioral issues
 - Communicate with pet owners regarding dog behavior, special care needs, and incident reports
 - Built strong client relationships that encouraged repeat business and positive reviews
 - Handled customer service duties including check-ins/outs, phone and email inquiries, and client concerns
 - Ensured compliance with sanitation standards and safety protocols to prevent illness and injury
 - Managed inventory of supplies (food, cleaning products, retail)
 - Assessed dog temperaments and grouped dogs by size, play style, and behavior to ensure safe socialization
 - Responded to emergencies and coordinated veterinary care when necessary
-
